

Talk That Is Not Jingo.

Savannah News.

"We don't want to fight, but by jingo, if we do, we've got the ships, we've got the men, we've got the money, too."

So ran a popular music hall ditty in England in 1878 when Lord Beaconsfield sent a fleet to Turkish waters to oppose Russian aspirations in that direction. The song was sung as often and as enthusiastically then as the Tipperary song is now and it gave to the world a new word or rather, gave a new meaning to an old word. Everybody now knows what a jingo is. There are some in this country, entirely too many. Some of them are jingoes without knowing it, and some are most sincere jingoes. Both sorts should suppress themselves.

It isn't jingoism to reflect upon the state of preparedness or unpreparedness of the United States for war. It is merely common sense. And it is well to remember that something else besides ships and men and money are necessary to the carrying on of war, unless they are in overwhelming proportion to the enemy's resources in the same things. There is food, for example. Germany has millions of men and money and a considerable fleet, but the pinch of the scarcity of food is already being felt among her people and those of her ally, Austria-Hungary. Russia has plenty of men, food and money and apparently all the ships she needs in this war, but if she were fighting singlehanded against Germany she would have even greater difficulty than at present in equipping her great armies. She imports such important things as cotton and machinery in great quantities. She does not and cannot produce within her own boundaries at present all the things she needs to carry on a successful war against a first-class power.

The British Isles, without the assistance of the great over-seas British empire and the aid of the great British fleet, would soon surrender to an enemy, because they do not produce more than a two-months' supply of food for their inhabitants. There are few nations on the earth that could carry on a long-drawn out war if shut off from all communication with the rest of the world. The geographical position of the United States, its long coast line and numerous harbors, its Canadian and Mexican borders, make it seem foolish to talk of effectually bottling it up, but if that should be accomplished it could live immediately and produce all it needs within its own boundaries for a decade of war, if that were necessary.

And while that is true the people of this country do not want to face the probability of having to do that in event of war. It is not jingoism to want a navy strong enough with the aid of expert defense to prevent the bombardment of coast cities and to hold back the offensive of any enemy with, at least, a strong army could be put in readiness. There is a vast deal of difference between spread eagle, ill advised talk of what the United States could do to an enemy that had the temerity to attack it, and sober reflection of the improbability of its being sufficiently prepared

to project itself. It is not a symptom of jingoism to commend Secretary Garrison's recommendation that the coast defenses of the country be very greatly improved and strengthened, and to recognize the need of fully manning every ship of the navy that could be useful in war.

Living Within Your Income.

Memphis Commercial Appeal.

Credit is dead. Bad pay killed it. Live within your income and credit will live. Good pay will keep it alive.

If seems hard to live within a limited income, yet people do it. They exist on the bare necessities. They realize that poverty is a cheerless companion. Yet they live within their income. The monthly bills are paid. They look the world in the face, fearlessly.

The temptation to spend is great. They can spend because credit is always easily obtained even by the most unworthy. But credit is in the long run, a nemesis of worry, the destroyer of peace and happiness. Debt is a tyrant, relentless and obdurate.

Pay as you go and you will be happy. It may seem impossible. Try it.

Debt is the secret foe of thrift. The debt habit is the twin brother of poverty.

The first step in debt, said a wise philosopher, is like the first step to falsehood, involving the necessity of going on in the same course, debt following debt, as lie follows lie.

A man who owes a little can discharge his obligation in a short time, if he applies himself, and if he is prudent and sensible this is what he will do. The man who by long negligence owes a great deal despairs of ever being able to pay up, and therefore never looks into his accounts at all and never cares.

In this day of high cost of living it seems reckless advice to try to live within your income, but do it if you can, for the sake of your future and for the sake of your self respect and peace of mind.

The story from Brooklyn of a woman who has kept a family of four in comfort on her husband's income of ten dollars a week and looks bravely toward the future, in spite of the recent arrival of twins in the household making six to feed, clothes and house, should be pondered by the administrators of public budgets. This woman has lived within her income. She counted every penny in advance in a manner that precluded miscalculation. No deficits appeared at the end of the year. It is a lesson for heads of households and is a lesson, also, to public officers who, in spite of the generous appropriations placed at their disposal, are continually appealing for additional revenues.

Thank Providence the Brooklyn family is not typical of the average. Few able-bodied men earn as little as ten dollars a week, but there are many families in every community that can keep within their income if they exercise strict economy.

What is a Kilowatt.

Emporia (Kan.) Gazette.

[A number of ignorant people in Emporia and elsewhere have been wondering how to read their electric light meters, and have threatened on numerous occasions to take the blamed thing to pieces to see what made the wheels go round. It remained for a Tennessee editor to figure out the correct formula. Here it is and if you have any further trouble in computing your electric light bill, you are too dense to learn anyway and further time would be wasted on your education:

First, multiply the current by the conscience of the proprietor of the electric light plant; divide this by the meter on the wall and add whatever you can't multiply. The answer will come in dollars and cents. Just divide these by the price you pay per kilowatt and multiply again to find out what a kilowatt is. It is something you can feel but can't see; something that you pay for according to what someone tells you who doesn't know what he is talking about, and he proves it by the meter that runs by guess and by thunder and is attached to a wall by a brass wire with

machine grease on his nose. You know just how many kilowatts you have had, just what they can do to you, and what they can do to your piece, but you don't know what they are, what they look like, who made them, or what shape they are.

HOFFMAN HOUSE, LANDMARK POLITICALLY TO BE RAZED

HOFFMAN HOUSE

New York, Feb. 27.—The Hoffman House has been sold for \$3,500,000 and will be torn down to make way for a 16 story skyscraper. The original Hoffman House was built in 1864 and in the old days it vied with the Fifth Avenue Hotel as the headquarters politically in New York. Grover Cleveland stopped there frequently and set the stamp of Democracy on the hostelry. The famous paintings in the bar room were widely known to visitors from all over the world.

A BIT OF ADVICE.

First—Don't Delay. Second—Don't Experiment.

If you suffer from backache, headaches or dizzy spells; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Dothan residents desire more convincing proof of their effectiveness than the statement of a Dothan citizen who has used them and willingly testifies in their worth?

Mrs. Mary Solomon, Route No. 3, Dothan, says: "I had kidney trouble. The kidney action was irregular and the kidney secretions unnatural. My back hurt me and I was nervous and dizzy. I slept poorly and mornings felt all tired out. Doan's Kidney Pills made me strong and well."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Solomon had. Foster-Milburn Co., Props., Buffalo, N. Y.

Week of Prayer.

The prayer service at the First Baptist church tomorrow afternoon will be led by the Young Women's Auxiliary, and the meeting will begin promptly at 3:00 o'clock, and close at 4:00 o'clock. An interesting program is in store for those who attend.

Audience Pleased.

Leon Burton's minstrels pleased an appreciative audience at the Empress theatre last night, judging from the applause. The Eclipse Quartet received several encores, their work making an undoubted hit with the audience. Billy Elwood, the cartoonist, was of course good. The bill would be improved with the elimination of several rough jokes. The bill of last night, with some slight changes, will be presented again tonight.

OIL TREATMENT FOR STOMACH TROUBLES

A simple prescription made up a combination of pure vegetable oils is producing wonderful results for sufferers from stomach, liver and intestinal troubles. The remedy, which is said to have originated in France, where it has been used for years by the peasantry, was introduced into this country by George H. Mayr, a leading Chicago druggist, who cured himself of severe stomach, liver and intestinal troubles by its use. Those who have used it say the first dose is sufficient to convince any one of its remarkable merit, and that within twenty-four hours the sufferer feels like a new person. This medicine, which has become known as Mayr's Wonderful Remedy, is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction. 36

Pythagoras Lodge Meeting.

There will be a meeting of Pythagoras Lodge tonight at seven o'clock. All members and visiting brothers are cordially invited to be present. The meeting is now held in the Masonic Hall, which has been thoroughly renovated.

PARTNER'S MISHAP SAVES LARRY WATERBURY'S TITLE.

New York, Feb. 27.—Larry Waterbury, probably holds his title as national amateur racquet champion today through the fact that his partner, George M. Heckscher, suffered a painful hurt in the second round of the tournament at the New York Racquet and Tennis Club when it seemed he had the champion "going." The accident upset Heckscher and Waterbury ran out the game saving his title. Heckscher was hit by the hard ball which cut a gash in his head.

Double Service AUTOMOBILE TIRES

Guaranteed 7000 Mile Service Absolutely Punctureproof.

Double Service Tires are double the thickness of the best standard make tires. This 100% greater wearing surface naturally gives that much more mileage and service. The average of 12 plies of tough fabric and one inch surface tread rubber makes these tires absolutely punctureproof.

These tires excel all others for use in the country over rough and rugged roads as well as on hard pavements. They are an easy riding and resilient as any other pneumatic tire—the air space and pressure being the same.

They are the most economical and "care free" tires made and are used where tires must be depended on and tire troubles cannot be tolerated. Many Double Service style tires are in use in the United States government and European war service.

Our output is limited, a certain amount, but for a short time we offer the following reduced special prices as an introductory offer:

Tires	Ex. Heavy
28x3 1/2 in	\$ 7.25
30x3 1/2 in	8.00

INDIAN MURDERER ON WARPATH IN UTAH AND HIS FATHER

Bluff, Utah, March 1.—Tse-Na-Gat, alias Hatch, the Pinte buck, wanted for the murder of a Mexican and the theft of his saddle is still on the warpath with the survivors of his band of Indians who have stood off Sheriff Nebeker's posse from Salt Lake City for several days. The casualties in this "war" have been heavy so far but with the reinforcements, the sheriff expects to capture the band soon. Old Polk, father of Tse-Na-Gat, is shown in the picture.

REGRET NOT ME

Thomas Hardy, in "Lyrics and Reveries."

Regret not me;
Beneath the sunny tree
The uncaring, slumbering peace
Fully.

Swift as the light
I flew my fairy flight;
Ecstasically I moved and feared
No night.

I did not know
That heydays fade and go,
But deemed that what was would
Be always so.

I skipped at morn
Thinking of the yellowing corn,
Thinking it good and glorious to
Be born.

I ran at even
Among the piled up sheaves,
Dreaming "I grieve not, there-
fore nothing grieves."

Now soon will come
The apple, pear and plum
And hives will sing, and autumn
Insects hum.

Again you will fare
To cider-making rare,
And junketings; but I shall not
Be there.

Yet gaily sing
Until the pewter ring
Those songs we sang "when we
went gypsying."

And lightly dance
Some tripple-timed romance
In coupled figures, and forget
Mischance.

And mourn not me
Beneath the yellowing tree
For I shall mind not, slumber-
ing peacefully.

Miss Audrey Munson, a Most
Interesting Girl—

Long after she and everyone
of this generation shall have
forgotten Miss Audrey Munson,
she will be remembered for three-fifths of all
the history of the World's Fair
Exposition, will live in the
minds and canvases of the art
world. Her form
has been depicted on every
medium in the Panama

Pacific Exposition. At least twenty
million persons will behold the
wonderfully modeled head of this
girl during 1915.

Miss Munson began posing
when she was 14 years old and
during the nine years that have
passed she has been in constant
demand by America's foremost
painters and sculptors. The figure
of this slender, graceful girl—
considered by modern critics as
nearest approach to the classic
lines of Venus—is reproduced in
sculpture from one end of the
country to the other. In New
York City she is immortalized in
the huge, gilded figure of "Civic
Pride" which surmounts the Mun-
icipal Building. Recently she posed
for the Titanic Memorial. In the
Courts of the Universe, the
Four Seasons, and Abundance; in
the huge fountains adorning gar-
dens and lagoons; in the goddesses
atop the towers and minarets and
in the Grecian boxes adorning the
Roman columns of the Palace of
Fine Arts, will be found the en-
chanting lines of the girlish form.

In her modest apartment off
Riverside Drive, New York, Miss
Munson lives with her mother.
She dances, sings and plays beau-
tifully, which indicates that her
artistic nature has not been con-
fined entirely to posing. Miss
Munson will be immortalized on
the commemorative medal struck
from the United States Mint and
her cameo face will be outlined
on the silver dollars of the 1915
exposition.

As the "Exposition Girl" Miss
Munson will shortly visit the Ex-
position at San Francisco, where
she will be tendered an unusual
welcome by the Exposition di-
rectors.—Montgomery Advertiser.

"The Centennial Club organ-
ized as a civic club in 1905, and
since broadened into a department
club, now numbers 500 active
members, with a supplementary
list of non-residents. It is the
largest woman's organization in

the club work in this section and
is the first woman's club to own
its own house in Nashville. On
October 22 the club celebrated
the opening of its new home, a
structure appropriately hand-
some for this splendid organiza-
tion. The house, situated on a
lot valued at \$10,000, which was
given to it by its founder and
first president, Mrs. John Hill
Eakin, is a three-story building cost-
ing \$30,000, exclusive of remark-
ably handsome equipment and
furnishings. The building is con-
structed of the best material and
is commodious and convenient in
every detail. It is built of cream
brick, trimmed with Bowling
Green stone, and the interior is
finished in hardwoods. The foyer
is paved with marble and opens
into drawing rooms, living rooms,
tea rooms, office and dining room
back of which are the demon-
stration rooms and office, which com-
pletes the main floor. The first
floor has a large public interest
department room, with files,
desk and audience room, where
the chairman of that section of
the club will have ample room,
quiet and equipment to carry on
a broadly planned work. The
kitchens and scullery on this floor
are fitted with the latest improve-
ments in culinary development.

"The auditorium occupies the
third floor, which has, in addi-
tion, a charming rest room, dress-
room, and serving rooms back
of the assembly hall, where re-
freshments can be handled. The
building committee, which planned
and superintended the con-
struction of the house consists of
Mrs. Robert E. Weakley, chair-
man, to whose taste and practical
ability and knowledge of the
work much of the beauty and
solidity of the house is due; and
Mrs. John Hill Eakin, Mrs. John
H. Reeves, Mrs. Percy Warner,
Mrs. Thomas H. Malone, Mrs. S.
Crockett, and Mrs. J. E. Caldwell.

"The club's departments are
those of literature, art, music,
home and public interests. The
standing committees are those of
finance, hospitality, house, library
and press."

Birmingham Girl

Drives Jitney—

That a woman can do many
things as well as a man is being
demonstrated every day when
the news of some new feminine
achievement becomes known but
it remained for a Birmingham
girl, Miss Lena Krantly, of 2228
Seventh Avenue North, young
and pretty, to establish a record
as the first woman in the world
to drive a jitney bus, so far as is
known. She made her first ap-
pearance Wednesday morning as a
bus driver.

Patrimony was brisk and her
car was loaded to the running
boards. She runs only while the
pickings are good, confining her
operations to the early hours of
the morning and late in the after-
noons. Her regular run is from
Fifteenth street, south to Third
avenue, north along Twentieth
street. She is an expert driver
and anticipates no difficulty in

STOMACH TROUBLES

Mr. Ragland Writes Interesting
Letter on This Subject.

Madison Heights, Va.—Mr. Chas. A.
Ragland, of this place, writes: "I have
been taking Theodor's Black-Draught
for indigestion, and other stomach trou-
bles, also colds, and find it to be the very
best medicine I have ever used.

After taking Black-Draught for a few
days, I always feel like a new man."
Nervousness, nausea, heartburn, pain
in pit of stomach, and a feeling of full-
ness after eating, are sure symptoms of
stomach trouble, and should be given the
proper treatment, as your strength and
health depend very largely upon your
food and its digestion.

To get quick and permanent relief
from these ailments, you should take
a medicine of known curative merit.
Its 75 years of splendid success, in the
treatment of just such troubles, proves
the real merit of Theodor's Black-
Draught. Safe, pleasant, gentle in action,
and without bad after-effects, it is sure
to benefit both young and old. For sale
everywhere. Price 25c. A.C.M.

The Well or the Steeple?

The chap who hollers down a well
About the goods he has to sell,
Will not reach near so many people
As he who hollers from the steeple.

What's the use of making a good article
or running a good store if people don't know
it?

Proof of success lies in public appreciation.

The public is hungry for good things and
good service—eager to read about such
things.

That is one reason why the great major-
ity of people are newspaper readers.

And it is the reason why newspaper
advertising is such an effective business-
builder.

DANDRUFF SURELY DESTROYS THE HAIR

Makes it Dull, Brittle, Lifeless,
and Causes it To Fall Out. 1t

Girls—if you want plenty of thick,
beautiful, glossy, silky hair, do by all
means get rid of dandruff, for it will
starve your hair and ruin it if you don't.

It doesn't do much good to try to
brush or wash it out. The only sure
way to get rid of dandruff is to dissolve
it, then you destroy it entirely. To do
this, get about four ounces of ordinary
liquid arvon; apply it at night when re-
tiring; use enough to moisten the scalp
and rub it in gently with the finger tips.

By morning, most if not all, of your
dandruff will be gone, and three or four
more applications will completely dis-
solve and entirely destroy, every single
sign and trace of it.

You will find, too, that all itching and
digging of the scalp will stop, and your
hair will be silky, fluffy, lustrous, soft,
and look and feel a hundred times bet-
ter. You can get liquid arvon at any
drug store. It is inexpensive and four
ounces is all you will need, no matter
how much dandruff you have. This
simple remedy never fails.
